Item 8 - Discussed the 1st Quarter Preliminary Update on the FY10/FY11 Budget and Recommendations from the Financial Viability Target Issue Committee and voted 5-0 to approve the following recommendations:

- Adopt a policy that one-time revenues will be used first for replenishment of the Deficiencies Fund and secondly for capital expenditures once the Deficiencies fund balance is at policy level.
- Adopt a policy that all property taxes due to the City of Tallahassee from prior fiscal years will be utilized to replenish the deficiencies fund up until the time the deficiencies fund is at policy level.
- Beginning in FY11, state shared revenues will be budgeted at FY10 levels, with any revenues received above this level dedicated to the deficiencies fund up until the time the deficiencies fund is at policy level.
- In any year in which the deficiency fund is not fully funded at the target level, any revenue generated above the rolled back rate will first be used to fully fund the deficiency fund. Any remaining ad valorem revenue, in excess of the rolled back rate, may be used for any general government purpose as determined by the Commission.
- Currently employees can vest in the two benefits (Pre-Retirement Death Benefit and Non In-Line-of-Duty Disability) upon the completion of two years of employment with the City. It is recommended that vesting for both of these be changed to five years, with a request to extend the 5 years to 10 years and to also try to fill the deficiencies fund in five years as part of the budget process.

Item 9 - Was a discussion on the Elected Officials Retirement Benefit. (Brought forward by the Legal Department) Voted 5-0 to cease deferred compensation contribution for elected officials effective immediately and also directed staff to look into the legality and circumstances in the computing the deferred comp as part of the pension obligation which is paid out to the City Commissioners.

Commissioner Ziffer stated to Leon High School students present in City Commission chambers that he is the City Commission's representative on Keep Tallahassee-Leon County Beautiful, and he would

like to participate with any litter programs the school may initiate in an effort to improve the relationship between Leon High School and the nearby residential areas.

City Commission Meeting Summary - February 17, 2010

The City Commission met in regular target issues workshop and took the following action:

Item 1 - Received a power point presentation on the Smart Grid. Implementation of Tallahassee's Smart Grid began in April 2008. The first phase of a three-phase effort was to install the underlying metering and communications network. At the end of 2009, the electric and water metering systems were substantially complete. Phase 2 of the project, the implementation of a Meter Data Management System and Web application, began in April 2009. E+ online, was the first deliverable associated with Phase 2. With e+ online, customers can now register and login to view bill and usage history up to 24 months, analyze their utility use, and find ways to conserve. Additional Phase 2 functionality will be available over the next eight to ten months. Phase 3 of the project began in January 2010 and features customer choice, information and control. At the conclusion of Phase 3 this year, customers will be able to select a rate plan that best meets their lifestyle, receive information via various media, and use Smart energy tools to assist them with saving energy, saving water and saving money. (Presented by Utility Business & Customer Services)

Item 2 - Discussed the proposed nova2010 Decentralization Plan. After six months of analysis and receiving public comments, StarMetro has completed and is submitting the proposed nova2010 Decentralization Plan Final Report for City Commission consideration and discussion. The task of redesigning and decentralizing the StarMetro route structure is concurrent with the 2005 StarMetro Renaissance Plan, the 2005 Transit Development Plan, the City Manager's 2009 Resolutions, and previous City Commission direction. Once implemented, the nova2010 Decentralization Plan would replace the current hub-and-spoke system and distribute transit services along major roadways in Tallahassee. Passengers would experience greater frequency of service and a system more closely resembling contemporary vehicular travel patterns. The nova2010 Decentralization Plan as proposed, is expected to operate within the FY2010 approved budget. (Presented by StarMetro)

Item 3 - Received the Census 2010 Complete Count Committee Report. The Census 2010 Complete Count Committee (CCC) is a group of community leaders appointed by the Leon County Board of County Commissioners for the purpose of developing and implementing a comprehensive 2010 Census awareness campaign in Tallahassee and Leon County. In partnership with the U.S. Census Bureau, the goal of this awareness campaign is to encourage participation in the Census in order to obtain an accurate count of area residents. (Recommended by Management & Administration)

Item 13 - Voted 5-0 to accept the status report on the Local Economic Emergency Fast Tracking Program for Public Sector Projects. At the February 11, 2009 City Commission meeting, the Commission approved the Fast Tracking program for public sector projects. The purpose of this program was to stimulate the local economy by creating jobs while also developing a streamlined program that facilitates construction of needed public sector projects. Under this program a number of changes to growth management, and procurement policies were approved by the City Commission. Since inception of the fast tracking program, a total of 71 city projects valued at \$183.3 million have gone through the revised growth management process. As a result, \$117.5 million in contract funding has been released for projects going through the city's fast tracked procurement process. Prior to the

implemented procurement changes it took an average of 90 days to award contracts. Excluding federal contracts, for which we cannot change the bid process dates, it now takes an average of 42 days to award contracts as a result of the implemented changes. (Recommended by Management & Administration)

City Attorney English stated the ordinance implementing the changes expires February 28, 2010, and noted that language in the ordinance provides the option for extending changes by resolution at a regular City Commission Meeting. The Commission voted 5-0 to extend the changes for one year, or till February 28, 2011, by Resolution No. 10-R-08.

Item 14 - Held the second and final public hearing, the first public hearing was held on January 27, 2010 and voted 5-0 to adopt Ordinance No. 10-Z-05, which would amend the Official Zoning Map to change the zoning classification from the R 1 (Single Family Detached Residential) zoning district to the GO-1 (Government Operational-1) zoning district. The following persons appeared before the Commission relative to this item:

Ms. Nancy Linnan, Carlton Fields Law Firm, 215 S. Monroe Street, Suite 500, representing the Parrish Group, proponent of Ordinance No. 09-Z-42, provided a brief description of the two-party (neighborhood and developer) settlement. Ms. Linnan specifically requested that the commission revisit previously recommended conditions of approval, in order to reflect agreed upon changes in the settlement. Specifically, she asked that the requirements to provide pedestrian interconnections and that all structures meet "green" building standards be removed.

Mr. Darrin Taylor, Carlton Fields Law Firm, 215 S. Monroe Street, Suite 500, representing the Parrish Group, proponent of Ordinance No. 09-Z-42, provided a description of the settlement. Mr. Taylor described physical changes to the site, such as the addition of a sound wall 10-feet in height, the removal of one of the two previously proposed hotels, removal of all retail square footage, and the limitation to offer only two on-site restaurants. He also noted that revisions to lighting standards would ensure compatibility with the adjacent neighborhood. In any development, the automotive trips will be capped at the existing approved amount, as this was a major neighborhood concern. The changes were collectively referred to as Plan "C".

Mr. Wayne Tedder, City of Tallahassee Planning Department, stated that the staff agenda item still reflected the previous recommendation to approve Plan B. However, in light of the two-party settlement, Planning staff was supportive of the newly proposed Plan "C", which incorporated the terms of that settlement. Mr. Tedder was supportive of the requested revisions to the recommended conditions of approval, with one exception as summarized in Mr. Zach Galloway's memo dated March 24, 2010. Mr. Tedder noted that the Planning Department maintained its commitment to providing pedestrian interconnections to the site. He also asked for clarification on the revised conditions of approval, as Mr. Taylor had not addressed all those originally requested in writing.

Mr. Taylor returned to the podium and stated that the applicant's support for revisions to the conditions as noted in Mr. Galloway's memo.

Mr. Skip Cook, 1358 Millstream, representing the Homeowners Association, proponent of Ordinance No. 09-Z-42. While Mr. Cook supported the Plan "C" amended ordinance, on behalf of the neighborhood residents in attendance, he stated the adamant objection to pedestrian interconnections.

Voted 5-0 to adopt an amended Ordinance No. 09-Z-42AA, thereby amending the Thomasville Road/I-10 Planned Unit Development Concept Plan, based on the findings of fact, conditions of the Development Review Committee, taking no present action on the pedestrian interconnection requirements, revised conditions of the Planning Commission, and the general outcome of the facilitated mediation. The Commission instructed staff to bring back additional information on the bicycle-pedestrian interconnections in the vicinity

Mr. English advised the Commission that its action approving the amendment to the PUD with uses other than those agreed to in the City's 2001 agreement with the developer's predecessors in interest on this property included an implicit termination of that agreement.

Item 19 - Held a public hearing on Ordinance No. 10-Z-17; proposed amendment to the Official Zoning Map to Change the Zoning Classification from the Hancock Street Urban Planned Unit Development (UPUD) to the CU-45 (Central Urban-45) Zoning District. (Recommended by the Planning Department)
