Address \_\_\_\_\_ Zip \_\_\_\_\_

Cell Phone \_\_\_\_\_ Secondary Phone \_\_\_\_\_

Returning Team? (5 Or More Returning Players)  Yes       No

Previous Team \_\_\_\_\_ Classification \_\_\_\_\_ Record \_\_\_\_\_

Tallahassee Parks and Recreation will make the final determination on classification of play for each team within a division. Classifications within divisions may differ from spring to fall due to the number of teams registered. Four teams are needed to form a classification within a division. Playing on more than one team or registering more than one team in the same division or classification may result in game conflicts that are not the responsibility of Parks & Rec.

Players can play on more than 1 team per classification, but the teams must be in classifications right above or below each other. In other words, players in the upper classification cannot play on a team in the lower classification.

Due to the overwhelming number of individual team requests made each season, Parks and Recreation will try to accommodate all schedule requests but cannot guarantee a conflict free schedule.
