Text Amendment PCT201701

Policy 13.1.1: Plan Overview for Toe and Heel

(4) The Toe and Heel may develop in phases consistent with necessary infrastructure and services and, for the Heel, consistent with the phasing schedules on Table 13-1 and Table 13-2, which are based on projections of densities and intensities of use derived from the corresponding acreage. Sub phases or stages of each phase in Tables 13-1 and 13-2 may be developed in separate PUDs. The Toe and the Heel may be developed concurrently. Tables 13-1 and 13-2 are attached as part of this Objective.

(5) A comprehensive plan amendment shall be required in order to exceed the projected total number of residential units or the projected total nonresidential square footage for the Toe or Heel, respectively, as set forth in Table 13-2. Such an amendment shall be consistent with the requirements of Objective LU 6.2 and its supporting policies.

Policy 13.1.3: Land Use

(1) Land uses in the Toe and Heel shall be assigned on the basis of the following categories as established in PUD Concept Plans:

(A) EMPLOYMENT CENTER

Employment centers shall be located proximate to major transportation arteries in order to provide jobs for residents as well as regional employment opportunities. Employment centers are intended to contain a mix of uses and not be a single-use environment. They shall be designed with shared parking opportunities for nonresidential uses that have peak parking demands other than during normal office hours. An employment center shall range in size between 15 to 30 acres and 150 acres. Allowable uses include office, hotels and inns, light industrial, warehousing and distribution, laboratories, research, printing, banks, retail, restaurants and cafes, infrastructure including stormwater management facilities, civic, religious and institutional uses, and educational uses. Residential uses shall not be allowed except when located above the ground floor in mixed-use office buildings.

Development intensities shall range from 8,000 square feet per acre to 15,000 square feet per acre. Ground-floor, pedestrian-friendly uses should be included to provide walk-to shopping opportunities. A minimum five percent on-site open space requirement shall be required for each preliminary plat in an employment center.

(H) Institutional uses (including but not limited to an elementary school, senior citizens’ activity center, assisted living facility, adult living facility, rehabilitation center, and adult care/memory unit) may be located in any land use district in the Toe.

Policy 13.1.4: Transportation

(1) These general transportation guidelines shall apply on the Toe and Heel as established in PUD Concept Plans and shown in Figure 13-3 and Figure 13-4, respectively:

(D) Multi-modal facilities (for motorists, cyclists, and pedestrians) shall be provided on all
collector and arterial roads. On-road bicycle lanes shall be provided on all collector and arterial roads.

(2) The following transportation guidelines shall apply in the Toe as established in PUD Concept Plans and shown in Figure 13-3:

(C) Road access to the Toe from Fleischmann Road shall be provided at a maximum of two locations, including Welaunee Boulevard in accordance with City standards and subject to City approval.
