

# MANAGED ACCOUNT

---

## Free-Look Period

### NOTE FROM RETIREMENT ADMINISTRATION:

#### Empower Retirement Free- Look Period for Investing Services.

As Open Enrollment soon approaches, The Retirement Office would like to remind employees to review their retirement accounts just as they would their Benefits.

This is to ensure their retirement accounts are on course and employees are maximizing their 401(k) and 457 Accounts to the fullest. Also remember, you still have time to contribute to these Accounts if you have not already.

Additionally, if you missed the last opportunity to enroll in the Free-Look period for investing services; Reality Investing Advisory Services (provided by Advised Asset Group, LLC a federally registered investment adviser) will be launching another Free-Look Campaign for all City of Tallahassee employees the last quarter of the year (more information will be provided).

As always, we encourage employees to visit the Retirement Office link at [www.talgov.com/retirement](http://www.talgov.com/retirement) to access an array of Pension information, Plan Publications or to request a retirement calculation also known as a "Dryrun". You'll be surprised of the amount of information you can find. Lastly, don't forget to login to Empower Retirement at [www.retirewithtalgov.com](http://www.retirewithtalgov.com) to learn more about your 401k, 457 and other Defined Contribution investment options should they apply.

**Remember to SAVE, SAVE, SAVE!!**

Thank you,

Retirement Administration
