

Section 10-253 OR-3 Office Residential District

		PERMITTED USES	
1. District Intent	2. Principal Uses		3. Accessory Uses
<p>The OR-3 district is intended to be located within areas designated Suburban on the Future Land Use Map of the Comprehensive Plan in areas where employment and residential uses are encouraged to locate in close proximity to each other. The provisions of this district are intended to promote urban density and intensity of residential and office uses and the mixing of permitted uses to promote the use of public transit and the efficient use of public infrastructure. Off-street parking facilities in the OR-3 district shall be located and designed to promote convenient access to pedestrian and mass transit facilities. A variety of housing types, compatible non-retail activities of moderate intensity, retail commercial activities (limited to the ground floor), and certain community and recreational facilities related to office or residential uses are permitted in the OR-3 district. The maximum gross density allowed for new residential development in the OR-3 district is 20 dwelling units per acre, while the minimum gross density allowed is 8 dwelling units per acre, unless constraints of concurrency or preservation and/or conservation features preclude the attainment of the minimum densities.</p>	<ul style="list-style-type: none"> <li>(1) Banks and other financial institutions.</li> <li>(2) Broadcasting studios.</li> <li>(3) Community facilities related to office or residential facilities, including libraries, religious facilities, vocational, police/fire stations, middle, and high schools. **GENERAL NOTES:**

1. If central sanitary sewer is not available, residential development is limited to a minimum of 0.50 acre lots and non-residential development is limited to a maximum of 2,500 square feet of building area. Community service facilities are limited to a maximum of 5,000 square feet of building area or a 500 gallon septic tank. Also, refer to Sanitary Sewer Policy 2.1.12 of the Comprehensive Plan for additional requirements.
2. Refer to chapter 5, environmental management for information pertaining to the regulation of environmental features (preservation/conservation features), stormwater management requirements, etc.
3. Refer to chapter 4, concurrency management for information pertaining to the availability of capacity for certain public facilities (roads, parks, etc.).
4. In properties formerly designated as Mixed Use C in the Future Land Use Map, the maximum non-residential gross building floor area is 40,000 square feet per acre and the maximum building height is six stories, if parking structures are provided for at least 50% of the parking spaces.
