NEAREST CROSS STREET	SUBDIVISION NAME	

Different individuals often describe a pet in different ways, so we cannot guarantee to match this report with your pet. We will assist you as much as possible; however, you are the best person to identify the unique characteristics of your pet. Animals come in every day, throughout the day, so your best course of action is to check the shelter in person every 1-3 days. We will maintain this report on file as long as you are actively looking for your lost pet. The report will be discarded if 7 days have elapsed since the last time you visited our facility in person.
