   (NOTE: Teams that register after the deadline (beginning February 2 will be placed on a wait list, with a $10.00 late fee added. Last day to register a team with the late fee is February 3, 2017.
   
   B. Forfeits: Any team that has incurs excessive forfeits, due to a lack of players to start a game, will be contacted by the athletic supervisor to discuss the team’s future participation in the league.
   
   C. The season is scheduled to begin the week of February 27, 2017.

2. **TEAM ROSTER**

   A. Teams can carry as many players as needed on rosters.
   
   B. Team roster must be turned in with entry fee by the deadline for registration. The player’s full name and address is required on all rosters. Players should indicate if they live in the city, county or other.
   
   C. Manager must list their players on the score card before each game.

3. **PLAYER’S ELIGIBILITY** (LEAGUE PLAY)

   A. **Men’s Division** - All players must be at least eighteen (18) years old on or before December 31, 2016.
   
   B. **Women’s Division** - All players must be at least eighteen (18) years old on or before December 31, 2016.
   
   C. **Church Division** - All players must be at least sixteen (16) years old on or before December 31, 2016. Church players should be church members or who regularly attend the religious services of the sponsoring church congregation. Church teams that do not register to play in the Church League will need to be available to play games M-TH.
   
   D. **Coed Division** – All players must be at least eighteen (18) years old on or before December 31, 2016. Batting line-up must alternate sexes and there will be no exceptions. Defensive Position: 2 males and 2 females in the outfield and 2 males, and 2 females in the infield. The pitcher-catcher combination must also be male-female. If a male batter is walked intentionally or unintentionally, it is a two base award. The next batter (a female) will bat. EXCEPTION: With two outs, the female batter has the option to walk or bat. All other USA and league rules will be followed. If the "Extra Player" (EP) is used in Coed, it must be made known prior to the game, and be listed on the scoring sheet in the regular batting order. All may bat and any ten (five male and five female) can play defense. Additional extra players may be added in increments of two (male and female pair). In Coed if a player (male or female) is unavailable to participate in the game due to injury, play may continue even if no substitutes are available. Each time the injured player is not available to bat, an out will be declared. A game that starts with 12 players can end with 10 players if injuries occur. A game that starts with 10 or 9 players can finish with 8 players due to injury, but a team may continue to add players to bring them back up to 11 or 12 to finish the game if extra players are available.

   E. There are some departments that use a coed outfield line rule. It is possible that we will incorporate this rule into our city rules if umpires continue to have issue with players moving into the infield (forward motion), before the ball has made contact with the bat when a female is up to bat. The outfielders may move sideways.

   F. During senior league play, if a player hits the ball into the outfield, they cannot be thrown out at first base. Also, no more than 5 runs may be scored through the end of the 4th inning. Beginning in the 5th inning, unlimited runs may be scored.

   G. Players may not play on more than one team per classification. Players can play on two teams in different classifications, but the teams must be in the classification right above or below each other. In other words, players in the Upper classification cannot play on a team in the Lower classification. Playing on more than one team or registering more than one team in the same division may result in game conflict that is NOT the responsibility of TPRNA.
H. Protests regarding player eligibility must be done prior to the end of the game. The player in question must show picture ID to the supervisor before leaving the park. The program supervisor will determine the protest outcome the following business day. TPRNA does not monitor roster and player eligibility, unless a protest is logged. It is the responsibility of the opposing team to protest the eligibility of the players in question before the end of the game.

4. ADDITIONS/DELETIONS

A. Players can transfer from one roster to another within the same classification but must sit out two (2) scheduled games or seven (7) calendar days before being eligible to play. New players being added to a roster during the season that are currently not participation in the league may begin without a waiting period.

If worn, they must be taped to the body so the medical alert information remains visible. If an umpire does not request certain jewelry be removed the Tallahassee Parks, Recreation and Neighborhood Affairs Department and USA are not held responsible. This rule is to only assist players in recognizing hazards.

Beginning January 1, 2017, USA Rule Change - Rule 3 F. 11” .520 COR or under with a compression of 300.0 lbs. or under will be the only ball allowed in Women’s Adult Slow Pitch, Coed or Women’s Slow Pitch. Seniors may continue to use the 44/375 or 52/300 core 12”

8. RULES FOR LOCAL LEAGUE

A. All games will be played under Official USA Slow Pitch Rules with the exceptions noted in Rules for Local League play.
1) (All Men, Women and Coed) A team must have eight (8) players to start and finish a game, but not less than seven (7) if a player is injured while playing. If a player is ejected, you may play with one less than you started with. If more than one person (Coach and/or Player) are ejected, the game is a forfeit, even if substitutes are available. If after the game starts player(s) leave voluntarily, play will continue without penalty as long as eight (8) legal players are available to play. NOTE: Teams can finish a game with as few as 7 players if due to injury.
2) Optional Extra Player(s) (EP) Rule is in effect. If the EP(s) Rule is used, you list all players batting on the scoring sheet in the regular batting order up to your roster limit of 20 players. There is no limit to the number of players that may be listed in the batting order. Any 10 may play the field at anytime. However, the batting order never changes.
3) After five (5) or more complete innings, it is a regulation game if an umpire calls a game because of rain, power failure, fire, panic, or other causes, which puts the patron or players in peril. If the home team is ahead at 4 1/2 innings, the game is over. Games that have not attained “official game status” will be re-scheduled and replayed as a totally new game. Only tournament games will suspend and restart where left off at time of suspension.
4) Games that are tied at the end of regulation (70 minutes or 7 innings) will utilize the tiebreaker rule (USA Rule 5 Section 11), sometimes known as the “Texas” tiebreaker rule. The courtesy runner rule will still apply. This rule applies to all levels of league play.
5) After one (1) hour and ten (10) minutes of playing time, no new inning will begin. If one team is ahead after a complete inning of play, regardless of the number of innings played, the game is official. NOTE: Delays resulting from rain, injury to player and protest will not be included as playing time. If the home team is at bat and the time expires, the game will be called if the home team is winning
6) Players that hit a Home Run over the fence are not required to run the bases and any baserunners may go directly to the dugout without liability to be put out.
7) Courtesy Runner(s) - See Addendum 2 for more information.

7) Pitching Screens – Teams may choose to use pitching screens to protect the pitcher. The only time a screen is required is during competitive level games or senior division games. Any team may request use of a screen. If a team requests a screen, the opposing team will also use the screen. All requests for a screen must be made prior to the start of the game.
Rule 1. Any batted ball that hits a portion of the pitching screen will be declared a dead ball foul and there will be no advance of the runners. If it is a third strike the batter will be declared out and there will be no advance of the runners.

Rule 2. Any thrown ball that hits the pitching screen will remain a live ball.

Rule 3. Any pop fly in the vicinity of the pitching screen, in the umpire’s judgment, regardless of how many players are on base, will be treated as a dead ball out. There will be no advance of the runners.

8) Pitching Rule- The ball must be delivered with perceptible arc and reach a height of at least six (6) feet from the ground, while not exceeding a maximum height of 12 feet from the ground.

10. UMPIRES

A. Umpires are instructed to discuss matters with the manager only.

B. AUTHORITY AND DUTIES. The umpires are the representatives of the Parks, Recreation, and Neighborhood Affairs Department by which they have been assigned to a particular game, and as such, are authorized and required to enforce each section of these rules. They have the power to order a player, coach, captain or manager to do or to omit any act which, in their judgment is necessary to give force and effect to one or all of these rules and to inflict penalties as herein prescribed. The plate umpire shall have the authority to make decisions on any situations not specifically covered in the rules.

C. UMPIRE'S JUDGMENT. There will be no appeal on any decision of any umpire on the grounds that he was not correct in his conclusion as to whether a batted ball was fair or foul, a base runner safe or out, a pitched ball or strike, or on any play involving accuracy or judgment; and no decision rendered by any umpire will be reversed except when he is convinced it is in violation of USA rules. In case the manager, acting manager or captain of either team does seek reversal of a decision based solely on a point of rules, the umpire whose decision is in question will, if in doubt, confer with his associates before taking any action, but under no circumstances will any player or person other than the manager, acting manager, or captain of either team, have any legal right to protest any decision and seek its reversal on a claim that it is in conflict with these rules.

D. The umpire shall have complete authority over the game and the players thereof, and may expel any player, coach or fan from the field for unsportsmanlike conduct of a gross and willful nature or cursing at the officials or opponents.

Here are just a few (but not all) of the ways a player may be ejected from game play:

• Anytime a bat is thrown intentionally, or in anger.

• Unsportsmanlike conduct with profanity, vulgar language, any form of verbal abuse of an umpire, threatening an umpire and/or physically touching an umpire with any portion of the body or throwing “any” object at an umpire in any manner. Fighting within your own team or with an opposing team member.

• Unsportsmanlike conduct that results in an injury to any other player or spectator.
The umpire will request the park supervisor’s assistance in the ejection of any player. The park supervisor will require the manager of the team to sign a player ejection form. The following day or before the teams next scheduled game, the team manager will be contacted by the Athletic Supervisor who will determine the exact length of suspension. The manager is responsible for notifying the player of the suspension, and preventing him or her from participating in the next scheduled game(s).

11. SCORE KEEPERS

The home team is required to provide an official scorekeeper. Each half inning the official scorekeeper is to report the score to the umpire who in turn will announce the score to BOTH teams and record the score on the official score card. Appeals must be made before the next pitch, legal or illegal of the next half inning. After this, the score becomes official and CANNOT be appealed, protested or changed. Note: At the conclusion of the game, an appeal can be made up until the umpires leave the field of play.

12. LINE UPS

Your line-ups must be written and made available upon request 10 minutes before scheduled game time. Line-ups must list shirt number, last name, followed by first name (Smith, John). Changes may be made until game time without penalty. If the previous game is late, your game time starts one minute after previous game's conclusion. Delays in getting line-ups count as game time.

13. PROTESTS

A. All protests will be settled by the athletic supervisor. Protests must be written and in the hands of the athletic supervisor within twenty-four (24) hours after the game (weekends and holidays excluded).

B. PROTESTS THAT SHALL BE RECEIVED AND CONSIDERED CONCERN MATTERS OF THE FOLLOWING TYPES:
   1) Misinterpretation of a playing rule.
   2) Failure of an umpire to apply the correct rule to a given situation.
   3) Failure of an umpire to impose the correct penalty for a given violation.
   4) Player eligibility.

C. THE NOTIFICATION OF INTENT TO PROTEST MUST BE MADE IMMEDIATELY BEFORE THE NEXT LEGAL OR ILLEGAL PITCH. (EXCEPTION PLAYER ELIGIBILITY)
   1) The manager or acting manager of the protesting team shall immediately notify the plate umpire that the game is played under protest. The plate umpire shall in turn notify the opposing manager and official scorekeeper.
   2) All interested parties shall take notice of the conditions surrounding the making of the decision, which will aid in the correct determination of the issue.
   3) NOTE: On appeal plays, the appeal must be made before the next pitch, legal or illegal, or before the defensive team has left the field. For the purpose of this rule, the defensive team has "left the field" when the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area. At the conclusion of the game, an appeal can be made up until the umpires leave the field of play.
   4) Once the game is completed and both teams have left the field, no protest can be filed. EXCEPTION: Player eligibility.

D. THE FORMAL WRITTEN PROTEST SHOULD CONTAIN THE FOLLOWING INFORMATION:
   1) The date, time and place of the game.
   2) The name of the umpire(s).
   3) The rule and section of the official rules under which the protest is made.
   4) The decision and conditions surrounding the making of the decision.
   5) All essential facts involved in the matter Protested.
   6) A $50.00 protest fee (fee will be returned if protest is upheld).
E. THE DECISION RENDERED ON A PROTESTED GAME MUST RESULT IN ONE OF THE FOLLOWING:
   1) The protest is found invalid, and the game score stands as played.
   2) When a protest is allowed for misinterpretation of a playing rule, the game is replayed from the point at which the incorrect decision was made with the decision corrected.
   3) When a protest for ineligibility is allowed, the offending team shall forfeit the game being played, or the game last played, to the offending team.

14. MISCELLANEOUS

A. Warming up inside the complex (swinging bats or throwing balls) in any of the runways is illegal. One warning will be given for a player found warming up inside this area. (This will be considered a team warning.) The second offense by any team player(s) will result in his suspension of that evening's game.
   1) Teams may warm-up on their half of the outfield before games on all fields if time permits.
   2) Teams must not use the infields or hit balls against the fence for warm-up purpose. NOTE: (2) will carry the same penalty as warming up inside the lanes.

B. Tallahassee Parks, Recreation and Neighborhood Affairs Department expect all players to conduct themselves in a sportsmanlike manner at all times. COURTESY RUNNER RULE

Courtes runners may be utilized using the following guidelines:

1. Either team may use a courtesy runner at any time with or without the approval of the opposing manager.
2. The courtesy runner can be any player in the line-up or on the bench.
3. A courtesy runner may not advance more than one (1) base unless forced by the batter-runner.
4. A courtesy runner will always score on a home run, regardless of what base is occupied.
5. A courtesy runner may ALWAYS advance one base on any batted ball.
6. A courtesy runner may advance one base on a sacrifice fly.
7. Any “courtesy runner” advancing beyond the base entitled is at risk and could be called out as defined in the rules. If the “courtesy runner” is called out ALL PLAY stands. After a play is over and if the “courtesy runner” has advanced beyond the base entitled (without being forced by the batter-runner) the “courtesy runner” shall be returned to the base entitled without liability to be put out.

In each scenario above, keep in mind that a courtesy runner must also be forced to advance on a fielding error and is always in JEOPARDY to be played on, subject to runner interference or be subject to an appeal for missing a base or home plate.

Play #1 Courtesy Runner (CR) on second. Batter hits a double to left scoring the CR from second. RULING: After the play is over the CR must return to third since the Batter stopped at second. See rule 3.

Play #2 CR on second and Runner (R1) on first. Batter singles to left, CR scores, R1 goes to third, batter stops at first. RULING: After the play is over the CR must return to third and R1 returns to second, since the Batter stopped at first.

NOTE: PLAY THE GAME AS NORMAL! After the play is over, the umpire will move the courtesy runner and all other runners back to the proper base(s), if necessary.

We feel that the above rule will assist in preventing abuse of using a courtesy runner when such player does not have an injury or physical defect, yet provide the opportunity to utilize a courtesy runner when there is a legitimate injury or physical disability.
