### Adult Beginner (1:8 ratio)

This class is for adults with little or no tennis experience! We will introduce the basic strokes with emphasis on proper grips and basic movement, and we will also discuss singles and doubles game play and league possibilities.

### Adult Advanced Beginner (1:8 ratio)

This is for players who have an NTRP rating of 2.5. We will review proper grips, stroke execution and court movement, with an emphasis on consistency and stroke production. New students need to pass hitting test.

### Adult Intermediate (1:8 ratio)

The Intermediate class is intended for players who have attained a NTRP rating of 3.0. The class will cover advanced drills; spin serves and specialty shots, singles and doubles strategy and tactics. New Students need to pass hitting test.

### Adult Advanced (1:8 ratio)

These classes are intended for students who have attained a NTRP rating of 3.5 or above. Sessions focus on drills and match strategy. Subject matter may vary, depending on the instructor. New students need to pass hitting test.

## ADULT SKILLS ASSESSMENT

Participants that are not beginners will be required to take a skills assessment at registration. All new players who wish to participate must come to the skills assessment (adults must bring any children who wish to register). Players will be placed in classes according to ability. Participants that are interested in moving up to a more advanced class must take the skills assessment. Participants with a current USTA rating do not need to take the assessment. Please allow at least an hour as there may be many people for the assessment.

### Foam/Red Ball - Beginner (4-5y)

Using the principles of our USTA 10 and Under Tennis program, the children will learn to serve, rally and score from the very first lesson using a 36ft court using modified balls and equipment. Your child will be taught to understand how to play the game of Tennis using this method and using mainly game based coaching techniques.

### Red Ball - Beginner (6-8y)

This level covers various levels of players aged 6 to 8. Children can be new to tennis or be experienced players. They will be serving, rallying, and scoring from their first lesson using modified equipment and courts. 36 ft. courts will be used for this class. There will be an assessment required for children to be entered in the Red levels 1 & 2 if they have not participated before.

### Green Ball - Advanced (10+y)

Compression of balls is 75% of regular tennis balls. A 25-27 inch racquet is used on a regular size 78ft. court. The goals of this program are to bring together tennis technical, tactical, and physical skills during competition. More extensive competitive play is recommended with supplement of City tournaments and Junior Team Tennis.

### Orange Ball - Beg./Adv. Beginner (8-10y)

This player is just starting to play tennis or has limited playing experience. The player has some knowledge of scoring, but is not familiar with basic positions and procedures for singles and doubles play. This player can place shots with moderate success but is not comfortable with all strokes; lacks control when trying for power.

### Orange Ball - Intermediate (9-10y)

Compression of balls is 50% of regular tennis balls. A 23-25 inch racquet is used on a 60 x 21ft. court. The goals of this program are to develop tennis athletic, technical, and competitive skills to compete in Junior Team Tennis or Level 9 events.
