The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant on Thursday October 24TH 2019, at approximately 06:54, at W PENSACOLA ST AND WHITE did the following violation of law:

**PROBABLE CAUSE TEMPLATE - ORIGINAL REPORT**

Warrant- First Degree Murder

Resisting with Violence

Aggravated Assault

=====

TIME OF ARREST (ARRESTEE IN PHYSICAL CUSTODY): 0654 hours

DEFENDANT NAME Mia Williams

DOB: [REDACTED] 1986

**FACTS TO SUPPORT ABOVE CHARGE(S):**

On 10/23/19 an incident occurred at the Taco Bell restaurant on South Monroe Street, a male identified as Mia Williams was a suspect in an attempted murder. Williams had doused an [REDACTED] Fla. Con. Article 1 § 16 with a flammable liquid and set [REDACTED] Fla. Con. alight. A suspect bulletin was issued including a suspect description and two pictures. Williams was described as a bearded, black male, thin build, and he was last observed wearing a red turban. Williams was known to be homeless and was not known to 9384have a car. I studied the intelligence bulletin and had his picture open on my computer for the duration of my shift. Williams was deemed extremely dangerous. At approximately 5:00am, a car fire was reported at [REDACTED] Fla. Con. Article Walcott Street. Approximately 20 minutes later two fires were reported on Lake Avenue, one at [REDACTED] Fla. Con. Article Lake Avenue where 2 cars had been set alight and a fire at [REDACTED] Fla. Con. Article Hillsborough Street, where a church was fully engulfed. I responded to Lake Avenue and it was apparent the both fires were the result of arson. A short time later two more fires were reported off Paul Dirac Drive. All the fires were in relatively close proximity to one another. The fires were not within quick walking distance, but a suspect on a bicycle could easily have been at each location.

At approximately 6:40 am information came over the radio that the possible attempted murder suspect, Mia Williams, was riding a bicycle on Mabry Street toward West Pensacola Street. A Tallahassee Fire Department unit had spotted Williams as he rode down Mabry St. I turned onto Mabry St from Roberts Avenue and as I approached the intersection of West Pensacola St I observed a TFD fire truck, in front of the fire truck was black male with a red turban, backpack, red jacket and khaki pants pedaling a red bike along Mabry St. The TFD fire truck was following behind him as he rode. I passed the truck and stopped my vehicle. I stepped out and called to Williams, he turned his head and looked at me from less than 20 feet. I immediately recognized the face of Williams from the Intelligence Bulletin. I again called to Williams to stop. He began pedaling quickly away from me and proceeded east down West Pensacola Street. I re-entered my car and activated my emergency lights and sirens and followed him as he pedaled down West Pensacola Street. I drove past Williams near the intersection with White Drive. I exited my vehicle and commanded Williams to stop. He pedaled past me.

Knowing that I had encountered a dangerous individual who had attempted to murder an innocent individual, and had likely set multiple fires, I decided to utilize my Conductive Electrical Weapon (CEW). The first shot was ineffective, and Williams continued to pedal away. I attempted to run to close distance on Williams and fired a second time from a about 15 to 20 feet. The second shot was also ineffective. Williams continued to pedal east on West Pensacola Street. As Williams pedaled away, the TFD truck that had been following, continued to follow Williams. I re-entered my car to close the distance on Williams. Williams passed the Village Apartments on the sidewalk. The sidewalk is bordered by a metal fence. I pulled alongside with my lights and sirens activated. He continued to flee.

I could not allow Williams to escape, as he was a serious risk to public safety. I hopped the curb with my vehicle and utilized my pit bumper to pin the front tire of the bicycle to the fence. Williams, unhurt, immediately jumped from his bicycle to the roof of my patrol car. Williams perched on my roof and withdrew a pair of orange handled scissors. Williams brandished the scissors like a knife and raised them up, as if to

potentially stab me. I had my issued Glock 22 at the ready and immediately pointed it at him while giving verbal commands to stop. Officer Condor #610, arrived and put Williams at CEW point. We commanded Williams off the roof of the car. Williams climbed down, and we took him to the ground, where he continued to fight against us, pulling away and attempting to tuck his arms under his body. Williams was ultimately placed in handcuffs.

A search of Williams located a black Bic style cigarette lighter in his left front pocket. Inside his back pack were assorted personal items including a roll of toilet paper.

Probable cause was established to charge Williams with Resisting Arrest with Violence F.S. 843.01A and Aggravated Assault F.S. 784.07.2.C

A Blue Team Use of Force Report was created. CEW cartridges were impounded. Forensics Technician Kornegay #841, responded to the scene. A sworn written statement was obtained from Shane Oaks, Leon County Fire Fighter.

It was confirmed that Williams had an active warrant for Attempted First Degree Murder F.S. 782.04(1)(a)(1). The warrant was issued by Judge N. Richardson on 10/23/2019. The warrant is not currently in FCIC/NCIC but will be hand delivered to the Leon County Detention Facility.
